## **Apollo Concession Trailer General Pricing Information**

The following is a guide to setting out the budget for size of trailer and what equipment will be required within the unit. We are able to supply any equipment you may require so if you do not see it listed, we will quote to your specifications. Once you have put your trailer package together to get your budget pricing, we will quote a package price which is usually a little better than the original number. Any extras that are added to the scope of work once the quote has been accepted will be charged on a cost plus basis. Shop rate is \$70 per hour.

### **Trailer Cost - Quoted:**

(based on a min. 12 ft. long trailer)

6 ft. wide - price per lin.ft. - \$1,200

7 ft. wide - price per lin.ft. - 1,275

8 ft. wide - price per lin.ft. - 1,350

### **Includes:**

Trailer from a recognized distributor to meet all DOT specifications

One man-door

Rear cargo doors

Roof vent

All holes cut to suit - Walls & cutouts reinforced with steel bands welded in place.

One aluminium service window complete with gas springs and interior locking latches. Powder coated to best match the trailer

Commercial grade vinyl flooring under counters & equipment

1/8" aluminum checker plate in traffic areas

1" high heat insulation board in walls & ceiling

Powder coated white aluminium on walls & ceiling

Quilted stainless steel in cooking area

Service counter & shelves underneath counter

2 x 4ft. fluorescent light fixtures with wall mounted on/off toggle switch

Power panel complete with breakers

- 4 - 15 amp duplex outlets

### **Wiring is completed by a licensed electrician and inspected by the B.C. Safety Authority**

One year parts & labour warranty on all components used in fabrication and manufacturers warranty is assumed on the trailer frame and body.
