We are able to install any type of appliance to suit your needs - If it is not listed please let us know and we will get a price

Once you have put your trailer together please submit specs and we will put together a package price based on equipment

Price may be discounted on scope of work and equipment

Any extras that are added to the scope of work after the quote has been accepted and work has begun will be charged on a cost plus basis. Hourly rate is \$65.00 per hour

Please note that at Apollo we do not use any wood in the construction of our counters - cabinets or shelving.

Counters are 304 # 4 stainless steel

Under counter storage shelves if equipped are from aluminum

Other Interior and exterior shelving or work spaces are all manufactured from 304 # 4 stainless steel

Any type of cooking equipment can be installed to serve any type of food. Shown here is a standard flat griddle, steamer, deep fryer and burner. Different types of equipment can be used and will be reflected in the final quote.

These units are custom built with an average manufacturing time of 4-6 weeks.
